9 Mile Legacy Brewing Co.

402 21st Street West
Saskatoon, Saskatchewan S7M 0W4
www.9milelegacy.com

9 Mile Legacy is a very small brewery (about a 10th the size of a typical "microbrewery"). We pride ourselves in taking a craftsman-approach in designing and making our product, using high-quality and unique ingredients to produce a well-balanced and original beer experience. We have as much fun producing an authentic, traditionally-styled beer as we do pushing the boundaries on what beer can be. Come along with us as we grow. We promise to keep things interesting!

Products & Services Include:

- Craft beer distributed in kegs, bottles and cans

Alchomy Alternatives

78 Hudson Drive
Regina, Saskatchewan S4S 2W6
www.alchomyalternatives.com

Founded in 2022 by two best buds from Saskatchewan, **Alchomy Alternatives** came from the desire to indulge in premium tasting beverages without having to default to consuming alcohol. We believe that our social interactions and professional networking experiences shouldn't always revolve around, or depend on, alcohol. We want our choices to be built on exploring palettes, enjoying ingredients, experimenting with combinations, and being immersed in the atmosphere and preparation. Our end game isn't to create non-alcoholic imitations. Instead, we've identified an opportunity to create something new that is inspired by the complexities of premium spirits and liqueurs.

Products & Services Include:

- Two Ready-to-drink non-alcoholic canned cocktails.
- Phenix, and Citrinitas; as well as one bottled cocktail mixer, Alchomy Oak.

PO Box 342 | 105 1st Ave SW
Watson, Saskatchewan S0K 4V0
www.theicecreammarket.ca

Cat's Creamery is a passion project brought to life by Trisha Berlinic. Before this all came to be, Trisha spent 20 years working in the food service industry, all the while taking business and accounting classes in her spare time.

Upon finishing her courses and moving into admin and management, Trish soon found that she missed the hustle and bustle of the kitchen. One day, a friend jokingly mentioned that she should get into the ice cream business, as there was both a growing demand for locally made products and not nearly enough suppliers. The idea stuck with her, and a few months later, Cat's Creamery was born.

Renouf Farms Ltd.

Box 4111
Melfort, Saskatchewan S0E 1A0
www.renouffarms.com

Renouf Farms Ltd.'s berry orchard was started in 2017 and is currently a 30 acre orchard adjacent to the farm northwest of Melfort, Saskatchewan. The focus is on Haskaps – the second highest berry in the world for antioxidants and more vitamin C per 100grams than the average orange! Haskaps are considered a super fruit in the food industry and knowledgeable customers are looking for its health benefits. They are much higher in vitamins and nutrients than the blueberry and taste like a combination of a blueberry and a raspberry but with a lot more flavor or zing. The orchard also grows Saskatoon berries, sea buckhorns, raspberries and chokecherries. The orchard is truly farm to fork as they sustainably produce, harvest, process and deliver (to retail and wholesale customers) a variety of jams and jellies, puree and syrups, pie fillings, pies, berries (fresh and frozen) and now also have freeze dried haskap berries and powder.

Products & Services Include:

- Haskap Jam

Smart Earth Camelina Corp

Unit 20, 2414 Schuyler Street
Saskatoon, Saskatchewan S7M 5V1
www.smartearthcamelina.ca

Smart Earth Camelina Corp. is the world's first and only fully integrated producer of Camelina. Smart Earth controls the entire production process from their proprietary Non-GMO seed variety to the grower's field and on to the processor. This ensures full traceability from farm to customer. The company is Saskatoon-based, operating in the heart of North America's oilseed production region. Smart Earth work with the world's leading experts in oilseed breeding, agronomics and processing to deliver high quality Camelina at scale. Camelina is a highly sustainable source of omega 3. It can be produced on marginal lands and uses less water, fertilizers and chemicals as compared to other commonly produced oilseed crops such as flax and canola.

Products & Services Include:

- Camelina meal and oil products for the companion animal (food grade) and feed market from tote to rail car quantities. Smart Earth Camelina Oil is a high omega 3 oil at 38%, that also offers the ideal balance of omega 3 to 6 (2:1). These two features found together in one oil is what makes camelina stand out among omega oils. Its naturally occurring vitamin E provides antioxidant protection while also stabilizing the oil. Camelina has a 2-3 year shelf life, with low risk of oxidation rancidity.
